

Recycle bin

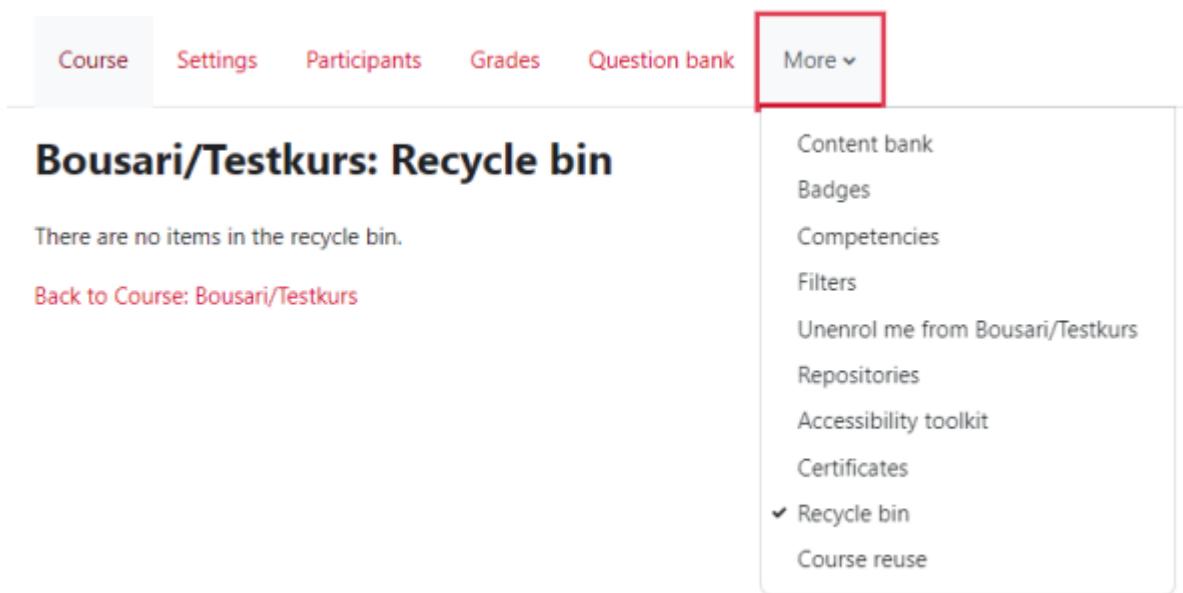

The „**Recycle bin**“ is useful for recovering items and content you accidentally deleted from your course.

Items in the „**Recycle bin**“ are permanently deleted after **seven days**!

On the course overview page, click on the tab „**More**“ in the course navigation to find the „**Recycle bin**“.

Restore from the Recycle bin:

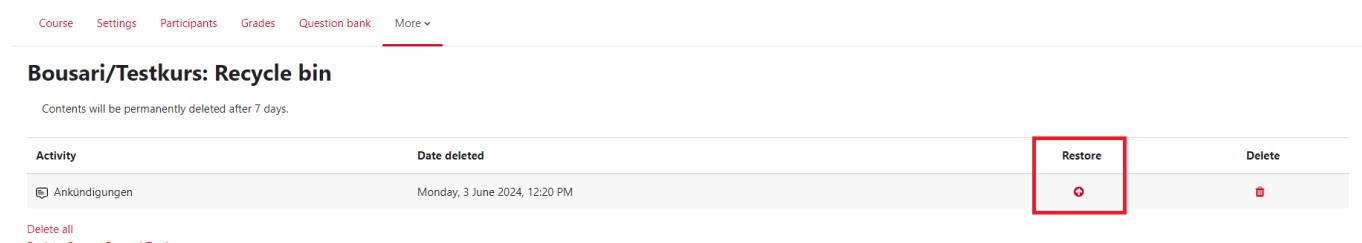

Step 1:

The screenshot shows a course navigation bar with tabs: Course, Settings, Participants, Grades, Question bank, and More. The 'More' tab is highlighted with a red box. A dropdown menu is open from the 'More' tab, listing: Content bank, Badges, Competencies, Filters, Unenrol me from Bousari/Testkurs, Repositories, Accessibility toolkit, Certificates, Recycle bin (with a checked checkbox), and Course reuse. The 'Recycle bin' item is also highlighted with a red box.

Note: The „**Recycle bin**“ item is only displayed if there is actually something in it.

Step 2:

The screenshot shows the 'Recycle bin' page for the course 'Bousari/Testkurs'. The page header includes tabs: Course, Settings, Participants, Grades, Question bank, and More. A message at the top says 'Contents will be permanently deleted after 7 days.' Below is a table with one row:

Activity	Date deleted	Restore	Delete
Ankündigungen	Monday, 3 June 2024, 12:20 PM	<input checked="" type="button"/> Restore	<input type="button"/> Delete

At the bottom left are 'Delete all' and 'Back to Course: Bousari/Testkurs' links.

Note: You deleted something, but it is not in the „**Recycle bin**“?

The server has not yet updated the files. Please wait a moment and refresh the page (you can also use the **F5** key on the keyboard).
