Course Start/End Date

By setting **Course Start date** and **Course End date**, you determine how courses are displayed on the student's dashboard.

Display of courses in the block "course overview" on the dashboard

Only courses with accordingly set „course start“ will be shown in the „course overview“ block on the dashboard.

- **in progress:** „Course start“ before current date, course end after current date or not set.
- **Future:** „Course start“ is in the future
- **Past:** „Course end“ is set and is in the past.

Instructions

1. In the course room, open up the „Settings“ via the cogwheel.
2. Set the „Course start.“
3. Activate the „Course end“ and set the date.
4. Finalize by saving.
