Search for a course room

You can see courses in which you are a teacher or participant on the dashboard after logging in.

Use the course overview on the dashboard to access course rooms directly.
You can find more courses with the course search (see image).
In the search field you can search for the name of the course, the lecturers and words in the course description.

Another option: Navigate to your desired course via the course area on the „**Home**“ page.
