Open Jade Hochschule

- plattform: https://offene.jade-hs.de/moodle/

The platform „offene.jade-hs.de" (meaning „open") can be used for offers and projects by members of the Jade UAS that take place together with people from outside the Jade UAS. This second Moodle platform is offered in addition to the main Moodle (moodle.jade-hs.de).

The introduction was supported by data protection management in consultation with the data protection officers.

- Members of Jade UAS interested in using this platform for their university projects should contact the stuff, see „Setting up projects"
- External participants can register themselves, see „Registration"
- Members of Jade HS login with their university access data (from 12.02.2024)
