Questions

Create and compile test questions

- 1. Click on the test. Open the action menu (cogwheel) and select "Edit test content".
- 2. Click on "Add" and "Add questions".
- 3. Select a question type.
- 4. Depending on the selected question type, the question is now configured and saved.

Shuffle questions: The test questions can be displayed in random order within a test. More information on this on moodle.org.

Extended cloze (gapfill)

The "extended cloze" is another question type that is provided as a supplement in Moodle. Instructions

Download submitted files from free text questions

To download student-submitted files from free-text questions, proceed as follows:

- 1. In the test, go to **Settings**.
- 2. Under Results select the item Download submissions from free-text questions.
- 3. On the next page you can configure the **sorting** of the folders:
- 4. Sort by question (essay question wise) or sort by person (user attempt wise).
- 5. Include text response file: Yes
- 6. Include question text file: Yes
- 7. Click **Download** button
