

List of participants

Show the list of participants (teachers)

This displays a list of all participants:

In the course room in the course navigation click on “**Participants**”.

You will see the list of students and teachers enrolled in the course room (see also Roles). You can see if someone belongs to a “**Group**”. The “**Status**” indicates whether the enrollment is still valid: “**Active**” or has already expired: “**Inactive**”.

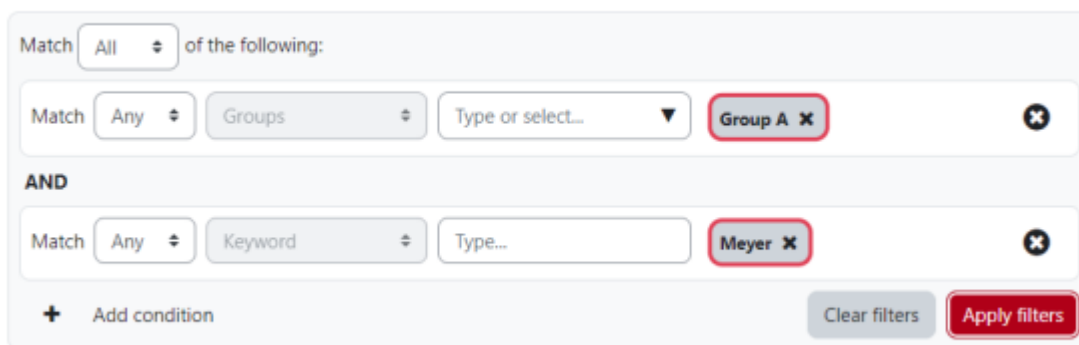

The list of participants can be filtered. Some possible filters are “**Keyword**” (a name), “**Roles**” (e.g. “**Student**” or “**Teacher**”) or the “**Group**”.

Individual filters can be combined with a logical AND or OR operation.

Example: This search finds all participants in “**Group A**” named “**Meyer**”.
