2025/11/07 02:09 1/1 Camtasia and Snagit

## **Camtasia and Snagit**

**Application scenario:** Creation/editing of videos and screencasts

**Runtime:** 07.02.2025

License: Lecturers of the Jade University

**Contact:** Sabine Helmke (digitale-lehre [at] jade-hs.de)

Camtasia is a software for creating screencasts/screen recordings and video editing, while the slimmer Snagit is suitable for quickly creating and editing screencasts/screenshots.

## License terms

The license key may only be used by lecturers and teaching staff of the Jade University of Applied Sciences as well as student assistants with contracts of 50% working time or more.

The license is initially granted for 12 months and can be extended by the Jade University. After that, the license expires (as of January 2024).

## Software download and license key

The license key can be retrieved on the website after logging in with university access data:

• Camtasia and Snagit license

## **Tutorial videos and webinars**

There are various tutorials and help for Camtasia and Snagit on the manufacturer's website:

- Tutorials
- Webinars
- Recordings of older webinars
