

# Cisco Webex

Cisco Webex is used at Jade University as a universal software client for telephony, meetings and messages. This combines the functions of Cisco Jabber, Cisco Webex Meetings and Cisco Webex Teams in one software/app. Information and instructions on how to use Webex can be found in the [HRZ-Wiki](#).

## Include Webex meeting in moodle course

You can integrate Webex meetings into your moodle course using the activity „**External Tool**“.

To do this you need to integrate the Webex Education Connector into the desired course.

### Instructions

1. **Turn on editing**
2. In the desired course section „**Create activity or material**“.

**Aktivität oder Material anlegen** ✕

Suchen 🔍

🔴

- Under **Privacy** check all boxes.
- Do not change all **other items**

6. Click on „**Save and go to course**“.

7. In the course overview, click on the activity you have just created. If the system has not yet recognised you as a user, you must log in once via SSO in the next step (university access data). Now the setup appears:

**Choose your features** Apply

Select the features you would like to be visible to yourself and the other students of this course.

- Classroom Collaboration
- Virtual Meetings
- Office Hours

In the **Choose your features** area, place a tick next to **Virtual Meetings** and click **Apply**.

8. In the following window, select „**New Meeting**“:

- **Session Type:** Meeting
- **Recurrence:** select non-repeating date/daily/weekly/monthly, then select day and time from the calendar.

9. Finish with > „**Done** > Create Meeting
