

Zoom

With the Zoom software, teachers, students and employees of the Jade University of Applied Sciences can conduct video conferences.

Video conferences with up to 300 people can be held without time limits. If you want to hold a conference with more than 300 people, it is recommended to use [Webex](#).

Teachers (or the role „Teacher“) can create [Zoom meetings in Moodle](#). For weekly recurring meetings, a [recurring meeting in Moodle](#) is recommended.
